SUMMARY

Software Engineer with 1+ year of experience across the full product lifecycle, using React.js, Node.js, Express.js, MongoDB, and MySQL. Experienced in managing code and hosting applications using GitHub, CI/CD pipelines, and Amazon EC2. Actively uses Prompt Engineering and AI tools for efficient development and delivery of clean, reliable code.

EDUCATION

BTech in Computer Science & Engineering

2021 – 2025

THDC Institute of Hydropower Engineering & Technology, Tehri

CGPA: 8.2/10

SKILLS

Languages: JavaScript (ES6+), Java, SQL, HTML5, CSS3

Frontend: React.js, Tailwind CSS, Responsive Web Design

Backend: Node.js, Express.js, RESTful API Design & Integration

Database: MongoDB, MySQL, Database Optimization

Tools & DevOps: Git, GitHub, AWS EC2, CI/CD Pipelines, Postman, Hostinger Deployment

Practices: Agile/Scrum, System Design Basics, Data Structures & Algorithms, Code Review

AI-Augmented Development: Prompt Engineering, Cursor IDE, Claude, Claude Code, Gemini

EXPERIENCE

Paawani Group

May 2025 – Present

Software Engineer

Roorkee, Uttarakhand

- Led a 3-member dev team as Team Lead, managing full SDLC for 5+ web applications.
- Shipped Make My Education (100+ daily users) with 2 sub-apps: Admin & College Dashboards.
- Built 2 internal tracking tools (CA Audit - 65 users, Social Media — 10 users) improving team reporting visibility.
- Managed AWS EC2 deployment with frequent release cycles and on-demand hotfixes for urgent fixes.
- Optimized MongoDB databases for production-level performance and reliability.

Tehri District Administration

Apr 2024 – Oct 2024

Intern

Tehri Garhwal, Uttarakhand

- Co-developed “Govolve,” a SaaS platform connecting students with government opportunities.
- Led a 2-member team and developed responsive frontend using React.js.
- Collaborated with officials to ensure compliance, achieving 95% stakeholder satisfaction.

PROJECTS

Make My Education [Link](#)

- Built a data-heavy React.js platform for students to search and discover colleges.
- Reduced component re-renders by 90%+ using state colocation, memoization, and component composition.
- Improved user engagement by implementing lazy loading, code splitting, and UX enhancements.

MME College Partner Dashboard [Link](#)

- Built a React.js application for colleges to manage their profiles on the Make My Education platform.
- Developed separate dashboards for premium and non-premium users based on subscription tier.
- Integrated Razorpay payment gateway to handle subscriptions and secure transactions.

ACHIEVEMENTS

- Organized **CIESZYC 2024**, a college-level technical fest, leading a team of 150+ students. [Nov 2024]
- Served as **Student Coordinator**, Entrepreneurship Cell, THDC-IHET. [2022-2024]
- Secured **Top 20** in the National Entrepreneurship Challenge organized by **IIT Bombay**. [Feb 2024]
